

### Travel Declaration

In order for students to return to school at ISC for the start of the year, the parents or guardians of the student(s) below must declare that these students do not pose a risk of spreading the Coronavirus from an official Risk Area, High-Incidence Area, or Variant Area. The requirements for quarantine depend on the region from which you have most recently traveled, and these can be found on the website for the Bundesministerium for Gesundheit.

Students who are subject to a quarantine requirement are not allowed to attend school until their quarantine period has finished.

-----  
I hereby attest that the following student(s),

---

---

---

---

Are **NOT** subject to any quarantine requirements and are able to return to school.

Are fully immunized (14 days after their 2<sup>nd</sup> shot) or recovered from the virus and exempt from the quarantine restrictions or completed the required quarantine.

I understand that intentionally misleading or inaccurate information submitted on this form can lead to contractual warnings or termination. I hereby attest that the above information is accurate:
